

HEARTBEATS

FOR HEART KIDS

Think you can raise your heartbeat and raise funds while you are at it?

HELP US RAISE \$200K IN MAY 2023

By participating in The Heartbeats4HeartKids Challenge, an activity-based fundraiser you'll help support HeartKids children and families across the country.

HELP SUPPORT US SO WE CAN SUPPORT THEM

Eight babies are born with congenital heart disease (CHD) every day in Australia. As the only national not-for-profit solely focused on supporting all persons affected by childhood-acquired heart disease (CHD), HeartKids aims to support over 72,000 Australian children, teens and adults with CHD to have a fighting chance at living a long, healthy and fulfilling life.

THE DIFFERENCE YOU'LL MAKE

...helps fund a food voucher for a daily meal for a rural family while in hospital

....helps fund our counselling team to provide necessary support to families while in hospital

...helps subsidise families with food and financial aid for a week, in what can be some of their hardest times.

10 REASONS WHY...

your company should be part of the Heartbeats4HeartKids Challenge:

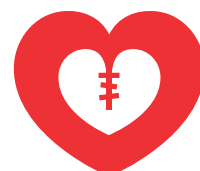

1. Encourages employee health and wellbeing
2. Creates a sense of community and team spirit
3. Inspires staff to get to know others in the organisation
4. Fosters employee engagement
5. Generates business value
6. Enhances relationships with customers
7. Raises your corporate social responsibility profile
8. Creates a positive work environment
9. Helps maintain staff morale
10. Reduces staff attrition
